## Quality Inspector - Schneider Electric Co

Dalzell, SC - Email me on Indeed: [indeed.com/r/William-Gregersen/6c9301271639f63a](https://www.indeed.com/r/William-Gregersen/6c9301271639f63a)

### WORK EXPERIENCE

#### Quality Inspector

Schneider Electric Co - Hopkins, SC - December 2013 to Present

As quality inspector I am tasked with checking units behind the custom buss and standard connectors team. As they complete a unit I will check over it with a designed check list to catch any problems before it goes to wiring or test. I also use the front elevation, general notes, one line and my 10 years of custom buss experience to find any opportunities for improvement and suggest any changes to be made.

#### Assembly Associate/Personnel Trainer

Schneider Electric Co - Hopkins, SC - May 2004 to December 2013

As a senior member of the custom buss area I read and interpreted schematic drawings, diagrams and assembly instructions to build, Fabricate and Assemble 1000 - 5000 amp Custom Commercial Electrical Power boxes that control electricity to places such as Wal-mart stores, Hospitals, Data Centers and Commercial Buildings..

I assemble systems and support structures, install components, units, following specifications while using hand tools and power tools. On a daily basis I assist and confer with my supervisor and engineer to plan and review work activities, strategies to resolve production problems.

Personnel Trainer Experience: In this time period I was the most used trainer in custom buss. I have trained over 30 employees and many are still at Schneider Electric having successful careers today.

As an auto technician I was lead man over 3 lesser technicians to be trained, this went on for 5 years.

#### Self Employed

Self Employed - Alcolu, SC - 2000 to 2004

Owner/Operator

I maintained a successful online ebay business for the past 4 years with sales of 2000.00 to 3500.00 per month. My duties included, taking pictures, writing approx 400 ads per week. Daily monitoring and up loading ads, inventory control, email correspondence, accounting, shipping & handling for several thousand customers over the 4 year period.

#### Programmer Analyst I

Policy Management Systems Corp - Blythewood, SC - 1991 to 2000

I maintained the Accounts Receivable system for the Corporation Headquarters & the Cybertek Division of PMSC in Dallas, Texas. Also I maintained the Option Tracking system. Both systems were PC Cobol with Btrieve file management. I wrote new programs & maintained programs to expedite the monthly & quarterly balancing procedures. I have limited experience in PC software and network maintenance and trouble shooting. As part of the Oracle Implementation team I helped implement the Oracle Accounts Receivable & Project Accounting modules. While working on the Oracle project I learned a lot about the Unix operating system. While on the Oracle Implementation team we were awarded Unit of the Quarter.

#### Programmer Analyst I

Policy Management Systems Corp - Blythewood, SC - 1995 to 1996

As I advanced in the General Information Services Dept. I wrote and maintained Cobol programs which I used to process over 4 million motor vehicle reports per month. Most programs were batch data transfer type programs. I ran all tallies and reports for the balancing of the revenue for the MVR department.

### **Sr. Operation Analyst**

Policy Management Systems Corp - Blythewood, SC - 1993 to 1995

While worked with the General Information Services Dept of PMSC I would start with raw data files, run various jobs on the E9000 IBM mainframe using JCL to create Billing Invoices for approx 3500 customers with approx 7 - 8 million in monthly revenue. I used many IBM & other utilities ie.. Synsort, Waapdsut, Eztrieve, iebcopy, iebgener, etc to balance revenue before the Invoices were ready to be mailed.

### **Cobol, CICS, Assembler and Programming**

Policy Management Systems Corp - 1994 to 1994

logic and Design.

### **Sr. Office Clerk**

Policy Management Systems Corp - Blythewood, SC - 1990 to 1991

I assisted in the Accounts Receivable/Collections Dept with day to day operations for collecting delinquent billing. I pulled delinquent Invoices, mailing, faxing and working with Lotus 123 & Word Perfect software.

### **Various Mechanic Shops**

K-mart - Columbia, SC - 1973 to 1990

SC

Automotive Repair Technician

Over the next 17 yrs I worked in various mechanic shops, including, Rick Hendricks Honda, Dick Smith Nissan, K-mart, Firestone and Goodyear service centers. I performed all types of automotive repair from rebuilding engines & transmissions to brakes, electrical. I always worked on 100% commission, while at Dick Smith Nissan I was Lead Technician over 3 other technicians. I overseen all repairs for completeness & quality. Also I attended approx 10-15 Various Nissan Training schools (Engines, Electrical, Trans, etc.. (1883-1988)). I was awarded Nissan Master Technician from Nissan Corporation, Jacksonville, Fl in 1987. I was awarded Master Technician from NIASE (National Institute for Automotive Service Excellent) in 1986.

### **Service Manager over 4**

K-mart - 1977 to 1979

center. My duties were to write supervise work orders, transition the flow of cars & work, Inventory of parts and the ordering of parts & tires, on a weekly basis. I handled all customers, good & disgruntled. I checked the quality on all repairs.
