WORK EXPERIENCE

Software Developer

AUTOTEC - Birmingham, AL - February 2017 to Present

Graduate Student Assistant

University of Alabama at Birmingham - Birmingham, AL - March 2016 to December 2016

Responsibilities:

- Database Management and worked on CRUD operations on various data tables.
- Working knowledge on Microsoft Access and SQL Server.

Software Developer experienced in Java, VB.NET and SQL

- May 2016 to August 2016

Responsibilities:

- Single Sign-On:

Single sign-on(SSO) is a property where a user logs in with single ID and password to gain access to a connected systems without different usernames and passwords. AutoTec is planning to implement this property for their products, as part of that we are working with FORGEROCK for accessing the single sign-on.

- SonarQube:

SonarQube is the tool we use, it is an open source platform for inspecting code quality, my job is to fix all the issues with code and publish the modified code. Also, updating the older versions of third party libraries and platforms with new versions and maintaining them.

- Done couple of project's documentation and wrote unit test cases for various programs.

Assistant System Engineer

Tata Consultancy Services Limited - Hyderabad, ANDHRA PRADESH, IN - December 2013 to November 2014

experienced in C# and BIPM (Business intelligence process management) and other technical frameworks.

Responsibilities:

- INFORMATICA:

INFORMATICA is an ETL tool used in data integration and data quality services. Worked on ETL operations using INFORMATICA 9.1 on different kinds of data.

- **COGNOS Reporting Studio:**

Cognos is a web based reporting and analytical tool it is used to perform data aggregation and create user friendly detailed reports. Worked on IBM COGNOS 8 reporting studio for generating reports.

- **Web Development:**

Developed a part of web development project in TCSL which involved C#, HTML, CSS, SQL.

- Involved in early stages of the software development life cycle (SDLC), by doing requirements gathering, specifications, documentation etc.,
