

Raul Rivas

Programmer Analyst - Loma Linda University

Loma Linda, CA - Email me on Indeed: [indeed.com/r/Raul-Rivas/460bd40f87b89932](https://www.indeed.com/r/Raul-Rivas/460bd40f87b89932)

WORK EXPERIENCE

Programmer Analyst

Loma Linda University - 2008 to Present

I have worked as a web developer and data analyst. As a programmer analyst, I have developed web applications for the university portal and I have provided customer service consistently. Among the highlights, I developed a program for faculties called "Course Change Management". The purpose was to add and edit the courses offered by schools prior to publishing the annual academic programs publication. The system includes a workflow for the schools, academic publication, and provost office to perform the approval process.

I also developed the institutional Travel Management System. The travel portal provides users with the corresponding forms to apply for travels, provides tools for the traveler to upload personal information for domestic and international trips (including group mission trips), and approval tools including tracking and reports.

singer representative

Adventist Media Center - La Voz de la Esperanza Ministry - 2007 to 2008

for the Spanish Ministry as well as the webmaster of the organizational website.

Web Developer

Sungard Higher Education - 2003 to 2006

Sungard Higher Education is a multinational consulting company that provides educational institutions with a variety of computer support. As a programmer I developed web applications mostly, but not limited to, the San Bernardino Community College District. I digitalized a variety of processes previously made by paper. Among others, I created a calendar of events that is probably still being used by the two community colleges. I also created a web app for the students to apply for scholarships online.

Music Lecturer

Chilean Adventist College - 1987 to 1995
