

Jean Araujo

Multimedia designer with sense of humor

South Thomaston, ME - Email me on Indeed: [indeed.com/r/Jean-Araujo/ca8a70070ea19afd](https://www.indeed.com/r/Jean-Araujo/ca8a70070ea19afd)

I have 12 years of experience in web design and art direction for online education, including extended experience in an academic environment, and in the financial market, using the latest multimedia technologies to design user interfaces and interaction for courses, and interacting with students and professors to achieve the best practices.

I assure visual integrity with my areas of expertise including typography, logo design, print media, photography and photo retouch, audio (sound design), video edition, illustration and social media, throughout all the communication media.

I'm constantly learning and improving. I have a natural eye for detail and focus on usability to create attractive and functional design. Everything surrounding me is a source of inspiration for my work.

I'm currently living in Maine but willing to relocate or work remotely.
