## WORK EXPERIENCE

### Animator

Kabam - San Francisco, CA - October 2015 to December 2016

"Underworld Empire" - Working with the artists, cut apart Photoshop paintings to create puppets, then animated those characters in Flash. Also implemented all changes and additions to UI using Flash, working alongside the programmers

Unreleased game - 3D character animation in Maya, created marketing materials in Flash. Created Photoshop / Flash puppets like in Underworld.

### Animator

Titmouse - Hollywood, CA - November 2014 to October 2015

Worked with storyboard artists, character designers, directors and more to Flash animate:

"DC Kids Super Friends"

"Moonbeam City"

"Now We Know" -series of shorts for Nat Geo

"Nerdlant" -theatrical release in December 2016

June 2016 - January 2017 - Worked from home office to animate:

"Future Worm"

"Nico and the Sword of Light" - also did character breakdown

### Animator

Age of Learning, Inc - Glendale, CA - October 2008 to October 2014

Designed and animated over 20 games for abcmouse.com.

Designed and animated characters and objects as part of an immersive experience on the website.

Animated all the characters integral to the basic interface.

Used digitally painted children's books to created animated shorts: "The Grasshopper and the Ants", "The Lion and the Mouse"

Led a group of animators in designing and animating over 50 collectible items.
