WORK EXPERIENCE

Software Developer

Phelan Hallinan, LLP - Mount Laurel, NJ - June 2014 to Present

- Worked in a team as well as independently to implement functionality to internal case-management software
- Worked in Documents group, which built RTF templates that merged information from the Microsoft SQL Server DB
- Implemented updates to front end pages as well as back-end code
- Used JAVA, SQL, Velocity Template Language, JavaScript, JSP and JSF.
- Used JIRA as Issue Management System
- Developed new functionality as well as implemented changes to existing codebases
- Implemented automation to reduce user input

Information Technology Department Associate

The Sound Professionals, Inc - Hainesport, NJ - May 2013 to August 2013

Performed maintenance on all computers

- Replaced five desktops with new, custom built desktops
- Performed maintenance on network infrastructure and fixed assorted security issues
- Configured new software for shipping department that automated internal processes, which increased accuracy and resulted in a reduction of 2 hours of work per day
