WORK EXPERIENCE

Junior Software Developer

Orange Coast Title - Santa Ana, CA - July 2016 to Present

Participated in design of Graphical User Interface (GUI) using ASP.NET and coded the business logic in C#. I have created layered components using C#, LINQ, repository pattern and also implemented server and client side validations. Involved in the Front End Development using Bootstrap, JavaScript, jQuery, AngularJS, HTML, CSS, and Telerik controls. I have also worked with .NET Reporting and Word Processing tool Text Control.

Software Developer

Archer Solutions - Ahmedabad - May 2012 to May 2013

Worked in different phases of Software Development Life Cycle (SDLC) including design, implementation and testing during the development of software application. Assisted in designing, developing enterprise and web applications using

Java/J2EE technologies and web services including RESTful. I have also worked with presentation layer using HTML, CSS,

JSP, Custom tag libraries, JavaScript, jQuery, and AJAX. I have participated in various Software Development methodologies like Agile SCRUM, Waterfall and TDD.
