Willing to relocate: Anywhere

Authorized to work in the US for any employer

WORK EXPERIENCE

Animator

ProgressivEdge - 2016 to 2017

Contracted by ProgressivEdge © to animate multiple 2D animated sequences involving their business men characters.

- The shots were composited and compiled into long tutorial videos which were then presented to ProgressivEdge's clients.
- My responsibilities included designing the 2D characters, storyboarding the sequences, animating the sequences, and then compositing them within Adobe Premiere.

LMU Lighting and Grip employee

Loyola Marymount University Film - 2014 to 2015

building

I applied for an on campus job while attending LMU and was hired to work with the lighting and grip department within the SFTV film building.

- My daily responsibilities included checking stock, repairing damaged film equipment, calling students with their fines, and working with a small team in gathering various film equipment to fill out orders.
- I had to learn the terms and what the functionality of each piece of camera equipment was in a short amount of time.

Lab assistant

Bayer Crop Science - 2011 to 2011

to Summer2012

Responsibilities included data entry into a computer, the cleaning, weighing, and packaging of onion seed, and the labeling of different onion breeds.

EDUCATION

Bachelor's in Animation

Loyola Marymount University - Los Angeles, CA
May 2016

High school diploma

Garces Memorial High School
May 2011

Bakersfield College
