WORK EXPERIENCE

### Software Engineering Project Manager

Hewlett Packard Enterprise   -   Aguadilla, PR  -  June 2015 to Present

* Drove the phase-out and replacement of a business-critical application used at over 20 company-owned and ODM manufacturing sites globally.

* Procured and coordinated a three-day on-site scrum training for 30 employees across several teams. Four employees went on to earn the Professional Scrum Master certification.

* Managed three teams in maintaining five business-critical applications for the company's highest-revenue segment (Enterprise Group - Servers, FY2016: $14B).

### Database Developer and Team Lead

Axon PR   -   Isabela, PR   -   June 2010 to June 2015

* Led the design and implementation of an updated security model for a business-critical analytics application.

* Managed a $0.5M budget for local resources and one remote resource in customer-facing roles.

* Participated in the design and implementation of a new change control process.

* Was selected to lead the company's first business intelligence production support team.

* Collaborated on a proposal that increased team funding by 8% year over year.

* Drove a 22% improvement in help desk ticket resolution time even as ticket volume grew by 25%.

* Performed on-site development at two client sites for 20 months.

### Full time volunteer missionary

The Church of Jesus Christ of Latter-day Saints   -   New York State  -  December 2006 to December 2008

* Supervised and trained two volunteer teams for 18 weeks.

* Trained a new team member one-on-one for 12 weeks.

* Provided English-to-Spanish interpretation at regional conferences.
