Investment Specialists, Clients and Administrator
Scotia Bank   -   CA - March 2012 to September 2015

March 2012 to Sep 2015
Project: Scotia Wealth Management
Scotia Wealth Management is an innovative team-based approach to Wealth Management that's specially designed for the needs for Investment Specialists, Clients and Administrator. Investment Specialists/Managers are able to view the snapshots of the Client's Profile, Portfolio Holdings, needs, objectives and risk tolerances. Clients are able to view their

Accounts, their portfolio holdings based on asset classification, transaction reports and also are able to perform transactions. Wealth Management is one of the ranges of products and services offered by Scotia Bank including personal and commercial banking, corporate and investment banking.

Responsibilities:
As part of this project I was involved in development of Advanced Portfolio Management UI. Portfolio UI has the client holdings based on asset classification like Equity, Debt, Mutual Funds and Currency etc. Involved in writing the wrapper services to fetch the data from actual business services and assemble the required data to be presented to the UI. AJAX is used for the scenarios where full page submission is not required. Apart from Portfolio Management, Involved in development of Client Account Management, Trade and Transaction Reports modules. Involved in writing junits for the services and also took part in code review.

Web Developer
Online Store - March 2011 to February 2012

Java, Spring Core, Spring MVC, Spring JDBC Template, Oracle, Junit, Eclipse 3.6, Maven, SVN, Jboss Web Developer March 2011 to Feb 2012 6

Nationwide HealthCare - March 2011 to February 2012

Project: Online Store(OLS) - Formulary
Online Store (OLS) is an application which helps the US citizens to enroll medical insurance. OLS itself has many sub modules, among that one of is Formulary. Formulary application shows Medicare quote to user based on the medical plan and the list of drugs chosen by the user. Formulary is complex healthcare domain where calculations are made based on CMS mandated business rules.

Responsibilities:
The application is developed mainly based on Spring Framework. Modules like Spring Core, Spring MVC, and Spring JDBC Dao are used. I was involved in developing various screens in the application using jsps. Also developed autocomplete search functionality using jQuery/AJAX. I have worked on Web Logic for application deployment.
Responsible for Writing junit test cases, making sure that 90% of the code is covered and also taking part in Code Reviews.

Java Developer
ATT Mobility Retail OPUS ESK - June 2010 to February 2011

Jun-2010 to Feb-2011 7

Java Developer
ATT Mobility Retail OPUS ESK - June 2010 to February 2011

Project: ATT Mobility Retail OPUS ESK
This project is about developing an application for ATT retail stores used across U.S.
I have worked on sales and inventory module of this project, which involves functionalities like selling an item, adding item to cart, payment using various methods like credit card, cash, cheque. Generating receipts and reports of purchase etc. Activating a new SIM or internet connection or upgrading an existing plan. The Application also interacts with other external devices like bar code scanners and printers. Application is developed for ipads also. It's a very challenging project which requires in depth knowledge of java, spring, JavaScript, Ajax, HTML5, SQL queries.

Scope of the project involves:

- New application development and Enhancements.
- Support for existing application.

Responsibilities:
- Involved in Scrum call's and provided daily updates to the team
- Involved in Requirement Analysis, Design and Development
- I was involved in development of common logging solution for the project
- Developed web pages using JSP's
- Unit testing and Bug Fixing
- Took Part in Code Review
- Provided Technical Support during Integration, System and User Acceptance Testing
- Provided Production support

EDUCATION

Technology
Jawaharlal Nehru Technological University -   Ananthapur, TAMIL NADU, IN

SKILLS
