PROJECTS

Media for E-Commerce
August 2016 – December 2016
• Created content for 1 page of an e-commerce website regarding company policies
• Displayed products from a MySQL database onto a website using PHP and SQL

Web Design Workshop
January 2016 – December 2016
• Sketched wireframes to illustrate a redesigned layout for an organization's website
• Designed a prototype in Axure RP that gave users the option to navigate 19 web pages
• Presented website revisions with team members to an audience to gain feedback

User-Centered Design
August 2015 – December 2015
• Researched 2 creative answers to a global dilemma for group discussions
• Proposed a mobile app solution and identified 5 user personas for which it targets
• Collaborated with team members to further development of an app's user interface
• Constructed a paper prototype of a mobile app for usability testing and collected data to determine future improvements
