WORK EXPERIENCE

Web Designer

Simdex LLC   -   Saint Paul, MN - March 2015 to Present

Responsibilities
•Create photoshop mockups and completely redesign look and feel of
existing websites in illustrator/photoshop for clients
•Communicate directly with clients via skype and basecamp sending
various digital assets for approval
•Use wordpress to create websites implementing HTML5/CSS3 and
Boostrap 3
•Streamline User Experience to improve ease of use
•Update User Interface to ……at, web 2.0 design.

Accomplishments
Being able to help clients bring their businesses online. I enjoy being able to talk with clients directly over
skype/basecamp, and communicate directly what needs to be done. I make the clients very happy when they
get to see their vision appear online.

Skills Used
HTML5/CSS3/Wordpress/Design/Mockups/Photoshop/Illustrator
