WORK EXPERIENCE

PHP/Web Developer

Palo Alto, CA - March 2012 to June 2014

* HTML, CSS, Bootstrap, Javascript, PHP, MySQL, JQuery, and Memcached
● Designed and developed a payment system with Stripe payment
● Successfully identified and fixed security risks and vulnerabilities, as well as optimized
code and database of the system
● Wrote all source codes from scratch to development of the websites

PHP/Web Developer

MyCrib, Inc.   -   Palo Alto, CA - January 2004 to June 2012

*HTML, CSS, Javascript, Memcached, PHP, MySQL, JQuery, Actionscript, and script.aculo.us

● Completed the design and development of an API and application engine that is similar
to the Facebook application
● Single-handedly performed the development of search engine with Sphinx Search,
resolution of security risks and vulnerabilities, optimization of code and database, and
management of high web traffic and responsive web design
● Wrote all source codes from scratch to development of the websites

Web Developer

CSDF High School   -   Fremont, CA - August 1999 to June 2003

* HTML, CSS and Actionscript

● Served as team leader for CSDF high school; developed the CSDF websites, in
coordination with the web team regarding deadlines, plans, and goals
